Fans pay homage at Lombardi grave site

By Terry Anderson
Staff Writer

While the Green Bay Packers were in New Orleans playing for the Vince Lombardi Trophy some fans made a pilgrimage to Lombardi's grave in New Jersey. Two hours before kickoff Sunday, Packers fan Bill Haidt visited the grave site of the late Green Bay Packers coach at Mount Olivet Cemetery near Fair Haven.

It was the first to step at the site of the coach's grave. Haidt said he has no idea why he went there. "I was there for about two minutes and saw three cars pull up. People got out and pay respects," Haidt said. "But it seems to be increasing."

"Over the years there, occasionally someone would stop by the Lombardi grave site," Lombardi said. "But it seems to be increasing."

Fan faithful: Packers fans left all sorts of grave of former Packers coach Vince Lombardi. A monument before Sunday's Super Bowl.

Tax cuts and the 'typical' family

It's not likely all families would benefit from breaks

WASHINGTON — Doug and Nancy Stang of Green Bay are a typical American family. Doug is a 39-year-old maker with two years of college and Nancy 32 weeks of a nurse care attendant.

Typical family? The Stang family would like to know. The typical American family income but less than the amount Republicans would like to see.

Despite that, the Stangs don't fit the typical family mold as used by Washington lawmakers to make budget decisions. The family's income is a starting point, and Democrats a smaller percentage of total income. On the standard deduction...

How much will the tax cuts affect the typical family? The Stangs are a family with two working spouses and two children.

Cloning and Great Replication both would adjust their retirement accounts, but again, the Stangs would be affected because they use a 401(k).

Will there be a 1997 tax cut?

By Brian Turley

WASHINGTON — Both President Clinton and congressional Republicans want to reach agreement on 1997 tax cuts. The rate of the tax cuts, however, is subject to the two sides agreeing on a framework to balance the federal budget.

The median income in the United States has many differences in household makeup and income.

It might be \$10 billion over in 1997. It could be less. The budget resolution will only have a number of low-mid-range cuts that will be cut and the specifics will be up to the committee," said Art Fletcher, spokesman for the House Ways and Means Committee, where tax legislation originates.

Under the first definition, the typical family earned about \$30,000 in 1995, under the second, \$34,000.

have employee pension plans. A deduction for employers' health plans who have on and employees first \$10,000 in wages for the family or more of that amount.
